Crosslinx v Metrolinx

Counsel to Crosslinx Transit Solutions Constructors in successfully bringing an application against Metrolinx and Ontario Infrastructure (HMQE) relating to HMQE's failure to declare an emergency as a result of the COVID-19 pandemic in connection with the Eglinton Crosstown LRT. Crosslinx is a design and construction consortium established to deliver and maintain the Eglinton Crosstown LRT, the second largest Canadian transit infrastructure project. We successfully resisted a motion to stay and succeeded entirely on the application to obtain contractual relief due to the pandemic. This is notable as it may have broader implications for other P3 Projects across the province of Ontario.
