Lenczner Slaght continues to receive worldwide recognition for its intellectual property expertise and is proud to advance to the Silver Tier in the 2024 edition of IAM Patent 1000: The World's Leading Patent Professionals.

After a comprehensive qualitative research process that included peer and client feedback, the directory identifies world-class firms and individuals who are deemed outstanding in patent litigation based on their depth of expertise, market presence and quality of work.

In addition to the firm's ranking, five of our expert litigators are recognized for their in-depth knowledge and extensive trial experience in patent matters.

- Martin Brandsma
- Andrew Moeser
- Sana Halwani
- Jordana Sanft
- Cynthia Tape

Clients and peers had only positive feedback regarding our expert team:

Ascending into the silver tier this year, Lenczner Slaght is building one of the finest litigation practices in the country and has an impressive team of trial lawyers. Several members of the squad, including **Jordana Sanft**, **Sana Halwani**, **Cynthia Tape** and IAM Patent 1000 newcomer **Martin Brandsma**, have recently been occupied with several cases for Gilead Sciences, which are part of the international arena in which Gilead is enforcing its patent rights. The matters necessitate striking a balance between legal and strategic considerations across several complex patent actions in Canada, and thanks to the broad experience of the team, they have remarkable insight into the nitty-gritty of complex IP litigations. **Andrew Moeser** is also no stranger to complex cases, and of late has been representing Moaz Betzer-Zilevitch against Canadian National Resources, one of the largest

oil and gas companies in Canada.

Congratulations to all!
