Lenczner Slaght Appoints eDiscovery Strategist

Lenczner Slaght is pleased to announce that Christina Shiels-Singh will be the firm's new eDiscovery Strategist responsible for the strategy, planning, coordination and implementation of new initiatives that will enhance the firm's eDiscovery practice. She will work with the members of the Clerk and Litigation Support Group to create standards, programs, systems, and best practices that will strengthen our eDiscovery capabilities and ensure we continue to provide the highest quality of service to our clients.

Christina will also continue to work as a senior law clerk within the firm, playing a significant role in client matters. With over two decades of experience as a law clerk, with a focus on large, document-intensive cases, Christina assists Lenczner Slaght teams during all steps of litigation, including document collection and production, examination for discovery, mediation, arbitration, trial, and appeals.

Given her experience and expertise, we are confident Christina will lead the firm to new heights in our eDiscovery practice. Congratulations, Christina!
